

TECHNICAL DATASHEET

MARINECARE MARINE RUBBING

:: CHARACTERISTICS

MARINE RUBBING is a liquid, abrasion-proof grinding and polishing material for application on strongly weathered and chalked plastic surfaces. MARINE RUBBING contains no wax or silicone. It is biologically decomposable.

:: AREA OF APPLICATION

For cleaning strongly weathered and chalked GFP (fibreglass) and, respectively, other polyurethane surfaces. MARINE RUBBING cleans deeply into the pores of gel-coat surfaces or paints and leaves a clean, dry and glossy surface. It is suitable for processing with polishing machines.

:: PRODUCT DATA

MATERIAL DATA	Packaging	500 ml
	Colour	Rose (creamy dispersion)
	Specific weight	1,15 kg/l
	Flash point	> 100 °C

:: INSTRUCTIONS FOR USE

Mix MARINE RUBBING well before use. MARINE RUBBING should be applied with a moistened cloth or by a polishing machine. Using a polishing machine with lambskin discs (for example) considerably facilitates the work. MARINE RUBBING can be mixed with water to clean strongly dirt surfaces for a longer application time or for cleaning light weathering surfaces. (10-20 parts water)

MARINE RUBBING contains no silicone, thus proceeding coating systems are not affected. You should consider, however, that MARINE RUBBING is not a durable protection for the surface and a following preservative, with MARINE WAX, if possible, is required.

TECHNICAL DATASHEET

:: SAFETY

The before mentioned technical data and information, especially the recommendations for applying and using our products, are based on our current knowledge and experience when applied under normal conditions. In practice, the materials, surfaces or site conditions are so different that no warranty regarding the working results or liability, arising out of any relationship, can be inferred neither from this information nor from a verbal consultation, except we are charged with intent or gross negligence. In this case the user is obliged to prove that he has informed us about all points required for a proper and promising judgement in writing, in time and completely. Patent rights of any third party are to be observed. Furthermore, our general sales and delivery Terms and Conditions and the latest Technical Data Sheet, which should be demanded, apply.

Directions for handling and waste disposal are in our Security Safety Data Sheet and the specifications of the Employers Liability Insurance Association for the chemical industry.
